Educ

To,

The Commissioner, S. D.

Sir,

I have the honour to state that it has been represented to me that the time has come when a general revision of pay in the ----- Educational establishment of the State must have undertaken if efficiency is to be maintained. It has been found necessary to revise the scale of pay in British schools and it is to be remembered that --- the school masters in British service receive pensions whereas the ---- service of the Savanur State Educational Department is non-pensionable; the masters cannot be transfered about so much in the State.

2. The Divan, the Assistant Political Agent and the ----- Educational authorities were requested to report on the point so far as the finances of the State would permit and their final reports deal -- favourably with the proposed rivision, The Municipal authorities of -- the Districts of Dharwar, Bijapur and Kanara have been consulted as ---- regards the pay and the strengths of the staffs under their control.

86/19

3. The accopmanying statement in which I have made and ---- intialled 4 alterations will show the present and the proposed pay of the several teachers. The total extra cost that would fall on the ---- State, if these proposals are brought into force will be about ----- Rs. 1000 annually which is unavoidable in the interest of education in the State, and will not in my opinion, tell too heavily on the -- finances of the State.

4. From the remarks passed by the Government in sanctioning the Savanur Budget for 1910-11, it is apparent that Government ------ emphasise the desirability of the greatest caution being observed in any enhancement of "recurring charges". But looking to the fact that the State Educational Staff does not get pension, the proposed rivisio seems indispensably necessary; and Government in a later pronounce--ment seemed to be in favour of the reorganisation of the teaching --- staff in Savanur State.

5. In case these general proposals do not meet with your -- approval I would respectfully urge the necessity of your sanctioning a promotion of Rs. 5 to one Ganesh Ramchandra Airani, 1st Assistant -

Edn 23

teacher Canarese school Sayanur on Rs. 20. He is a trained teacher --- and has got a third year 25 Rs. certificate. His case requires ------ special consideration and he may be promoted to Rs. 25 from 1st April 1909, as his brother teachers in British service have got promotion from that date.

6. The correspondence on the subject is enclosed for perusal and favour of return.

I have the honour to be,

Sir,

Your most obediant servant.

3) The Persian school was once more a religious school then a school teaching according to the Western Standards in the British schools. The constitution of the school will change

of the Standards cursed in recent years.

When the school was a religious school, the head master was a Jewish ~~gentleman~~ Rabbi about 4 years ago. ~~He was asked to leave~~ An attempt was made to obtain the services of a learned Mohamedan Head Master but in vain. The Educational Inspector suggested that the one of the Arabic Pandits (Head Masters) may be appointed as Head Master. It was proposed by the Educational Inspector to be upto to teach Telugu in a Primary School. Mr. A. P. Patel thought, that the qualifications of this man as a teacher, should be first taken considered to the fitness of appointing him as the Head Master was dropped.

4) As I was not possible to get a

trained man as Head master for the
school. He shall have to do the work
of the High Head master who was in
charge of the school as a temporary
measure was transferred to the
Normal School. The first assistant
in the Persian School was appointed

The pay of the Head master
has been fixed by the Comm'r at
Rs. 20 every Rs. 250 by which time
it is available
Such is briefly the history
of the Persian School.

5) We have come to two opinions
as to the desirability of having trained
masters for the schools. The question
should be at the same time to be considered

~~I do not think that the state can~~

~~afford to~~ It is doubtful if the state

pilleged adults or what the L.C. Board

aided by ~~Government~~ ~~but~~ will work

until recently able to do.

Sir,

With reference to your No 309 of (28th June 1911) I have the honour to forward as desired

(a) the correspondence regarding the constitution & pay of the School masters in the State Schools together with the final orders of the Commissioner S.D. marked A. in red.

(b) the correspondence regarding the appointment of a Head master to the Persian School, Sawanur marked B. in red.

2) Another correspondence on the same subject forwarded to me by the Political Agent with his No 4556 of 15th Instt. through Yar

but despatched by mistake to this office direct, has been returned to your with this office No 431 of today's date.

3) The Persian School was once more a religious School than a School teaching according to the Standards in the British Schools. The constitution of the School was changed the Standards revised in recent years. When the School was a religious School, the Head Master was a Mowlvi. He died about 4 years ago. An attempt was made to obtain the services of a trained Mahomedan Head Master but in vain. The Educational Inspector proposed to a certain extent urged that the Son of the late Mowlvi (Head master) may be appointed as Head Master. He was pronounced by the Deputy Educational Inspector to be unfit to teach the boys in a primary School. The Assistant Political Agent thought that the qualifications of this man as a teacher should be the first point to be considered of the question of appointing him as Head master was dropped.

4) As it was not possible to get a trained man as Head Master for the School, the State had to do its best. The trained Hindu Head Master who was in charge of the School, as a temporary measure, was transferred to the Kanarese School & the 1st Assistant in the Persian School was appointed Head Master on Rs 25 per mensem with no increments, being a man of long experience & excellent character, as recommended by the Deputy Educational Inspector & the Inspector Vide their letters Nos. 1173 of 28th September & 1089 of 7th October 1919, enclosed in the papers.

The pay of the Head Master has been fixed by the Commissioner S.D. at Rs 25 rising to Rs 30, if a trained man is available.

Such is briefly the history of the Persian School.

5) There can be no two opinions as to

the desirability of having trained masters for the Schools. The question of funds has at the same time to be considered. It is doubtful if the State will be able to do what the District Local Board aided by Government grant was not until recently able to do.

6) There are at present 5 trained teachers in the Khojarese School Savanur of whom 4 have been regularly trained at the College & has been certified by the Educational authorities as trained, under the rules of the Department, on account of his seniority & experience.

If the 1st. Assistant is allowed to revert, as per his application, to the Local Board, already forwarded to you, there will be no difficulty in filling up his post by giving Grade promotions to the other trained men.

There is no trained Head master in the Persian School. It would be a good thing if one can be lent by the Educational —

Inspector on Rs 20 rising to Rs 30, as per scale sanctioned by the Commissioner S.D. I understand that no Mahomedan trained teacher is willing to accept service in the State in view of the prospects in the British Schools.

Sir,

I the undersigned most humbly and respectfully beg to lay before your honour a few lines which I hope will meet with kind consideration.

A Hindustani School was established during the time of the late Nawab Abdul-Tabriskhan,Delerjang-Baha-dur,at Savanur and my father who was a Moulvi was --- kindly appointed as teacher there on ₹20 per month.- My father breathed his last on the 29-th November 1907 The place has since fallen vacant. I apply for my --- father's vacant place under the following qualifica--tions:-

I was a professor in the Arebic and Persian lang-uages at Tali-mul-ulumin Hyderabad on ₹50 per month. Owing to the illness of my father and seeing that no body left at Savanur to look after my father.I was --- obliged to finally give up my services at Hyderabad -- and proceed to Savanur.Seeing that I was without occu-pation and that I had no source of maintenance,I was trying for an occupationand fortunately I was temporar-ly appointed as Persian Professor at the Training - College,Dharwar.I served there for five months on ₹40 per month.A few days after I was released by a perma-nent man.

Some days ago,my father's illness assumed a séri--ous form and consequently he died on 29-11-07.

In addition to that of my acquiring a title of--- Moulvi in Arebic,Persian and Uradu languages I know--- Kanarese and English.I append herewith a copy of testi-monial granted by the Principal Training College,-- Dharwar,for favour of perusal.As my father left behind him a large family and as there being no elderly --- person except myself to look after them,I am now obli--ged to remain at Savanur. I am quite unable to main-tain the family without any employment.It is a custom

in this State that the vacant posts of fathers' are gene--rally given to their children provided that they should - be qualified and well educated.

I have mentioned above all the facts af my service -- and qualifications.On account of my family difficulties-- I am obliged tc accept the post of my father which carries only Rs20.

I,therefore,pray that your honour will be gracious -- enough to cónfer upon me the said post of my father which is sóon to be filled in and thus make real source of main tenance to me and to my dependents.

For this act of kindness I shall as in duty bound --- ever pray for your honour's long life and prosperity.

I beg to remain,

2) There are at present 5 teachers & 122 boys in the school, the ordinary strength in British schools is, I understand, 1 teacher to every 30 boys. Unless the attendance increases any proposal to increase the cost of the staff would be hardly be considered reasonable

3) In this connection I would request
reference to yr no 1544 of 21-1-08. I
know his qualifications as a teacher
in a primary school are ample, whatever his
proficiency in Persian or Urdu may be
The D.P.I. thinks in his letter no 547
23-12-07
that the qualifications of Mr K as
a teacher must be the first point
to be considered. The interests of the
school cannot be subordinated to
the convenience of an individual

4) The Urdu School is not quite as
helpless as it might be - the appoint-
ment of unqualified teachers would,
I must note, add to its unpopularity
An additional trained teacher seems desirable
in these circumstances
5) I regret I cannot agree to any
proposal to increase the cost of the
staff of the Urdu school as it now stands

6) I would request that arrangements to fill up
the vacancy in the post of Hd Master may kindly be

As there was no Moulvi in the Savanur state to give lectors on Mahomadan religion during the months of Moharam & Rabilawar the late Nawab Abdul Dilerkhan Saheb Dilerajang got Moulvi Gulam Hus-en who was at Belgaum at that time appointed in his Darbar. As the post is now vacant & which to be filled in we now beg to request that as soon it will be convenient to the inhabitants of Savanur if Moulvi Abdulasab son of the late Moulvi Gulam Husen saheb was appointed as Head Master of this school on his post. Moulvi Abdulasab acquired a title of Moulvi in Arabic, Persian & Urdue Languges & Knows Kanarese & English. He was temporarily appointed as Persian Professor at the Training College, Dharwar. The inhabitants of Savanur being almost Musalmans in addition to that of teaching boys Moulvi Gulam Husen Saheb was appointed to solve the difficulties raised on religious matters.

We, therefore, pray that your honour will be gracious enough to confer upon Moulvi Abdulasab the said post.

For this act of Kindness we shall, as in duty bound, ever pray for your honour's long life & prosperity.

No 183 of 09. Sas 24/3/09.

Forwarded to the Ed Inspr (Drs) S.D. with compliments.

2) There can be no doubt that it is desirable to have a trained Mahomedan Hd Master for the Urdu School, at Sas.

3) The A.S. does not know how far Mr Moulvi is qualified for teaching in a Primary School. Copy of letter No 1546 of 21-1-08 from the late Dy Ed Inspr is enclosed for perusal

It is learnt that he has since qualified himself for teaching the Urdu in a Primary School; the propriety of his appointment as Pandit may be considered. The applt understands that he is preparing to appear for the Lower Public Service Exam. He may be appointed on condition that he passes the Urdu Exam within a certain period.

4) The Urdu School is no longer a religious school. It is highly desirable that it shd be worked on the same lines as a Primary Urdu School. Kannada is taught to some extent. A full time teacher to teach Kannada may not be necessary.

5) Mr Deshpande may advantageously be transferred to the Urdu School on Rs 15/- Provn has been made accdly in the Budget. The sanction of the P.A. is necessary for all these arrangements.

The Political Agent's proposal to add a tenth assistant-teacher on Rs. 8/- to the staff of the Kanarese boys' school is sanctioned.

2. On comparing the rates of pay sanctioned in this office No. Poll/39 dated 16th February 1911 with the amounts actually allowed since 1st April 1911 as shown in the statement referred to in paragraph 3 of the letter under reply, it appears that all the teachers, except one in the Kanarese and Persian boys' schools receive either the sanctioned minimum rate of pay or this plus the first increment while teacher No. 6 in the Kanarese boys' school receives Rs. 11, that is one rupee less than the sanctioned minimum. The Political Agent is requested to draw the Diwan's attention to this point.

The H.M. has left the Persian School Rd about 3 years ago. The Educational authorities have asked to have a trained Mohammedan teacher on Rs 20. This they have been unable to do up to now. Now the Director of Public Instruction proposes that the pay of the post should be raised to Rs 30. The question of the pay of all the school masters is under consideration by the A.P. Agent in response to reference

A third Grade teacher is acting as H.M. of the Persian School. It is undesirable that a third grade should be at the head of the Persian school. There is no immediate prospect of having a trained Mohammedan H.M. for the school.

The arrangements now proposed

by the M/S have the approval of the Educ & Dy Educ Inspectors.

The Kawiria School wants an additional trained teacher. The Educ Inspector recommends & proposes that Mr Shakespeare the present asst. at Hunter Person School, may be transferred to the Kawiria School.

The R. Agent has already agreed to give a teacher on R8 to the Kawiria School. Instead of a teacher on R8, the Educ authorities agree with M/S in proposing that this opportunity may be taken of transferring Mr Shakespeare on the Island Bay (R15) from the Persis to the Kawiria School. They also propose that he should get R20. This question will be settled separately as noted above

M/S think the present arrangements may be tried as they are suitable from all points of view.

* DHARWAR. *

No. 328 of 1910/11

Dharwar, 19th September 1910.

Returned with compliments.

2/. The Deputy Edl Inspector, Dharwar, is quite right in saying that the Urdu school at Savanur wants a trained Head master and the undersigned agrees with him. The arrangement proposed by the Diwan does not show the employment of any trd man.

The number in the school is about 150 and it teaches standard V. The Mahomedan population of Savanur is 4369 i.e. nearly equal to that of Hindus. The Kanarese school has an attendance of nearly 300. If the staff of the Urdu school be strengthened as that of the Vernacular school with trained teachers the Urdu school is sure to show improvement both in No. and efficiency. If the desh pande be transferred and the proposed arrangement be made the staff will consist of only untrained and unpassed men and the school is sure to go down both in number and efficiency. According to the grades, the pay of the Hd Master of the Urdu school at Savanur should be of Rs 30/ and if the pay be raised to this amount, a competent 3rd year trained young man would be willing to go there.

Savanur State.

Sir,

With reference to your letter No 443 of 27th instant I have the honour to report that the school work at present is distributed among the various teachers as indicated under:

The Head Master — 3 hours a day.

In addition to this regular work the Head master visits the lower Standards inspecting the work of their teachers and rendering them help at times.

Mr Deoshar — 4 hours a day.

In addition to this work Mr Deoshar has been told to assist the teachers of the lower Standards in teaching especially

English. In connection with this it may be remarked that a trial to introduce the Direct method of teaching English and more generally of the new syllabus of studies sanctioned by Govt in their Resolution No 986, dated 19th May 1911 is under contemplation.

Mr Joshi ——— 4 hours a day.
In addition to this Mr Joshi will do office work which requires on an average more than one hour per day.
Mr Kulenur ——— 5 hours a day.
Mr Lavakar ——— 4 hours a day.
Mr Kosi ——— 4 hours a day.
Mr Kosi being a permanent hand is put in charge of St III.

It will be seen that this arrangement is only temporary. In the Persian Teacher's post there are now two hands and thus there is now a saving of two

Savanur 25th Sept 11

Rao Bahadur Diwan,

Savanur.

Sir,

With reference to your (illegible)
Sanctioning No 647 dated 22nd September 1911, I have
the honour to report that the results of
The annual examination have been
made known by the Deputy Educational
Inspector that classes have been changed
and that after the examination was over
The School has not been closed on any
account. I, however, regret to report
that the attendance of boys has suffered
considerably owing to the following reasons:

(1) All the muhammadan boys who form
a great majority have gone away (illegible)
account of the out-break of plague.

(2) A great many of the local boys have also gone away along with the families to which they belong or have been singly sent away for the same reasons. Boys, especially those who receive English education, are generally regarded as the flower and hope of the families.

(3) Some of the local boys are detained home by their parents or guardians who have, for the time being, been indifferent as regards their education on account of the anxiety owing to plague and the present solitary and dreary condition of the school consequent upon the sudden abnormal fall in the attendance of boys.

As a matter of fact, the attendance at present is less than half a score. Plague in this town at present appears to be only in a lingering condition and if, fortunately for all of us, it soon stops altogether, it will then be possible to take up the new year's work in right earnest.

I have the honour to be,
Sir,
Your most obedient servant

To

Rao Bahadur Devanna,

Sawantwadi.

Sir,

I have the honour to send herewith the result sheets of the last Annual Examination and to make the following recommendations.

2/. Of the five scholarships viz. one of Rs 4, two of Rs 3 each and two of Rs 2 each, two scholarships, one of Rs 4 and the other of Rs 3 are to be awarded to Mahomedan scholars only. The remaining three are open to general competition. They may be awarded as follows:-

(i) The Mahomedan scholarship of Rs. 4 may be awarded to Sattan

& the other Mahomedan scholarship of Rs 3 to Fargh

(ii) The other scholarship of Rs 3 may be awarded to L. B. Godbole of Yt V. His progress, according to the impression of the class master, is more satisfactory than that of Jehangir B. A. though he has scored an equal number of marks in the examination.

(iii) One scholarship of Rs 4 may be awarded to Raddi of Yt IV and the other scholarship of Rs 2 to G. A. Raichur Yt II.

3. There are two Thanjava boys in this school holding special Thanjava scholarships of Rs 3 each viz

1 Risaldar M. R of Yt V.
2 Risaldar F. R of Yt IV.

Of these the first was not present at the examination on account of the outbreak of plague. His progress being however, fairly satisfactory, he will be recom-

mended for promotion to St II.
The 2nd has passed in the annual
examination. His scholarship may
therefore be continued.

4. There are in this school two
boys of Birader Nawabs, viz, Birader
Nawab Tabrizkhan wd Kamarkhan
and Birader Nawab Habibulla wd
Nabikhan. The progress of both
is satisfactory.

5. There are 21 free boys in this
school. Of these 9 have passed
in the Examination. The progress
of 11 of the remaining 12 boys is
fairly satisfactory. The progress
of G. D Kulkarni St III is not
satisfactory. His freeship may,
therefore, be discontinued.

Copy of letter No 732 dated 29th Code.
September 1911 from the Principal
Rajkumar College Rajkot to the
Assistant Political Agent Savanur

With reference to your No 1,76 of
the 9th instant, I have the honour
to observe that when the Savanur
State pays Rs 1200/ per annum
towards the educational expenses of
Kumar Abdul Rahimankhan, the
deficit, whatever it comes to is,
as I understand, to be paid by
his mother. Now when the
Savanur State has paid its
quota for the current year, the
further remittance of Rs 500/ asked
for in my No 655 of the 4th instant,
is to be paid by his mother.
2) As the Kumar is allowed since
April 1909 by the Political Agent
Dharwar, to spend his vacations
at Savanur, the travelling
expenses

expenses which annually amounts to about Rs 500/ not originally estimated while fixing the grants, increase the annual cost and therefore the instalment to be paid by the mother of the Kumar should have been increased by that amount.

3. Since November last the following remittances have been received by this office:-

Rs 1100/ from the mother of the Kumar of 6-1-1911 and 22-8-1911.

Rs 600/ from the Diwan Sawanur State with his No 212 of 27-3-1911.

Rs 600/ from the Assistant Deputy Collector Dharwar, with his No 598 of 13-5-1911.

From these Rs 2300/; Rs 600/ have been paid as his College fees for 1911-1912; and Rs 1703-2-5 paid for the Kumar's bills of expenses from August 1910 to June 1911; and Rs 227/ paid as an advance to the Kumar for his travelling in

"in the vacation and the servants' pay for July and August last. Thus you will see that there is a debit balance. It is therefore estimated that Rs 500/ will be required to pay the Kumaris bills from July to October 1911, when the new budget year will begin.

4. I have therefore the honour to request you to kindly arrange to send me as early as possible the Estimate asked for."

No. 1908 of 1911 — 1912.

Report on the Savanur 1st Grade A V. School, inspected by the - Deputy Educational Inspector, Dharwar on 13th, 14th, and 15th September 1911.

1. Building and equipment	The school has an excellent building built by the State. It is well ventilated and has sufficient light and accommodation. It is well equipped with the necessary school furniture, books, maps and charts.
2. Attendance including Regularity of attendance.	The No. on rools last year was 110 and this year shows an increase by 28. The average monthly No. on rolls during the last [illegible] months was 132.5 and the average daily attendance 107.2. The attendance and regularity of attendance may be said to be good. There are in all 18 Mahomedan boys in the school.
3. Adequacy and qualifications of Teaching staff.	The Head Master is a Graduate in arts and the 1st Assistant a P. E. The 2nd and 3rd and 4th Assistants are Matriculates and the new hand teacher of Persian, is an unpassed man. The Drawing Master holds a 3rd Grade Arts certificate and the Gymnastic teacher is a 1st class certificated man. The staff is adequate and well qualified.

4. Range and quality of education given.	The first five Anglo-Vernacular standards are taught. The school was examined in detail and the progress made on the whole found to be fair. The defects have been noted in the Inspection Reports and the Masters' attention drawn to them.
5. Discipline and conduct of students.	F a i r.
6. Provision for [illegible] and physical [illegible]	A first class certificated man is in charge of this Department of education. There is a well built gymnasium, furnished with the necessary apparatus. The state has given the school a spacious open ground specially prepared for the boys to play cricket, foot-ball and other native games, not far from the school.
General Remarks and recommendations.	The Head Master has fairly managed the school. There is co-operation and harmony between the Head Master and his assistants. The Diwan, Mr. Mangalwedhekar, takes a keen interest in the school matters and is ever ready to supply the wants of the school. Had it not been for the outbreak of plague which has scared away nearly 57 p.c., of the total No. of boys on rolls, the school would have shown better results.

General remarks and recommendations by the Inspecting Officer:—

Last year No. on rolls was 110, and this year shows an increase of 28. The progress made on the whole is fair. The School has been given an additional Assistant as suggested last year. Drawing drill and Gymnastics are fairly attended to. English reading and History and Geography in the IV and V Standards require more attention. Exercise and G. books fairly kept. Plague has broken out and the boys are leaving and hence the low number of boys present at the Examination.

9-9-Sept. 1911 etc?

Sir,

I have the honour to report that the state of the schools in respect of the attendance of boys as reported in this office No 98 dated 25 Sept. has not since improved. Contrary to the expectation of many people of this town about a fortnight ago, and unfortunately for them, it appears that the infection of plague has been running apace all along and that now it has spread almost throughout the whole town. Under these circumstances it also appears objectionable that boys from different parts of

of the town should meet at one place. I therefore think that a time has come when it may be seriously considered whether it is not our official declaration of the actual state of things, as also, in the interests of the people at large, the school should be closed for a reasonable period of time. Even in Calcutta like Bombay & Madras — not to speak of towns of lesser importance — it is usual to close schools and colleges under like circumstances.

Annual Report of the Director of Public Instruction in the Bombay Presidency for the year 1909-10.

Educational Department.

No. 2280.

Bombay Castle,
26th November 1910.

Extract para 10 from the above Resolution.

"10. The Director of Public Instruction has discussed at considerable length the needs of the Muhammadans, & the Special classes. shows that the Musulman community have no reason to complain that Government have not endeavoured to give full encouragement to them in promoting education. The figures demonstrate that the community is taking an increasing advantage of the facilities offered. At the same time the difficulties connected with the teaching of two Vernaculars have not been completely solved, & it is a question whether it would be for the educational advantage of the community frankly to discard Urdu in favour of the local Vernacular as the compulsory language, leaving those who desired it, to add the accomplishment of a literary knowledge of Urdu.

"Attention continues to be paid to the educational needs of other Special communities. The attendance of aboriginal & hill tribes has risen steadily, while the wants of the depressed classes have met with increasing consideration from municipalities & local boards."

Sir

In compliance with your

I have the honor to submit it as my

opinion that in this part of the country

the Urdu Language cannot claim for

itself as much importance as to stand

on a footing of equality with the Vernacular

which is the recognized Language of the

district, in the curriculum of studies for

Primary schools it should have a place

only of proportionate importance, by

which I mean to say that in big Vernac-

ular schools arrangements may be made

for teaching it as a voluntary subject

for Mahomedan boys and for others

who would have a knowledge of it.

Some such arrangement in the Local Mauritius School here instead of being detrimental to the best interests of the Mahomedan Community, would no doubt facilitate their progress in education and bind them closer to other communities in the bargain. Moreover, they would facilitate the whole working of the Educational Department and would ensure a better and more direct system of connection between Primary and Secondary Education.

2/ That the State of a Mahomedan one is a sort of sentimental consideration which alone the Urdu Schools of Savanur may hold their own.

2) Mr Farokhi, my 5th assistant does not seem to have improved his knowledge of English much. He was again required to translate a Kanarese passage (a copy of which is herewith sent) into English and to write a letter describing a holiday ramble. From his answer paper which accompanies it will be seen that the letter is somethings but the translation is worthless. It is true that he does not teach English to any standard in the school. However he must know English fairly well. He may, therefore, be allowed 6 months more to improve and given to understand that he will not be confirmed in his post unless he shows himself to be better off in English.

From

Educational Inspector, S. D.

To

The Assistant Political Agent,

Savanur State .

Dharwar, 5th July 1911.

Sir,

I have the honour to forward for favour of -- perusal and record the Inspection Reports on the State - Primary schools at Savanur together with general report No. (Ver) 102 of 3rd December 1910 from the 7th Asstt. Deputy Educational Inspector, Dharwar, endorsed by the - Deputy Educational Inspector, Dharwar, with his No. 717 of 28th June 1911 and to invite attention to the sug - gestions and recommendations of the Inspecting Officers.

2. I beg to invite attention to the Savanur -- Kanarese School No. I. Such a big school is always ---- placed in charge of a 3rd year trained man on pay of --- Rs. 45 and more . The Gadag Kanarese School No. I --- attended by 244 pupils is under a 3rd year trained teacher - on Rs. 60. The karajagi School of 156 students in the neighbourhood is under a teacher on Rs. 45 (40/5), Mr. Oka, Head master Savanur, has been there over 10 years, - and the School seems to have prospered under him . He -- need not be disturbed . His pay is Rs. 30, and I learn he got an increment of Rs. 2 in April last . The maximum pay of the post as per sanctioned scale is Rs. 40, and as the master has already put in over 26 years service I should be happy to hear of his being given the ----. maximum pay of Rs. 40 in order that he may retire on full pension after good work of 30 years .

x Schl no I Kan attend 320 including 30 of the Dhedd class-

3. The 1st Asstt. in the Savanur Kanarese Boys' School is a 3rd year trained man with a certificate of Rs. 25 . He is entitled to the face-value of his certificate as his compeers got the same in British District from 1st April 1909. His claims were recognised and reported by the Political Agent to the Commissioner in his No. 9393 of December 1910. He is the only superior trained man in that school . He is not willing to remain there on a smaller pay than Rs. 25 . The maximum pay of the post in the sanctioned scale is Rs . 30 . It would be a pity to deprive the school of his services, and I should suggest that he might be given Rs. 26 a grade in the scale and retained there . If this be not possible he may be given his due of Rs. 25 from 1st April 1909, and referred to me early in August next for employment in the Local Board from 1st September .

The Urdu boys' School also requires attention. The population of Savanur is over 9000 and about 5000 are Mahomedans . The Urdu School should be a more prosperous or an equally prosperous school . Even supposing the Mahomedan boys elect to learn Kanarese in the higher standards there ought to be about 300 boys in the first three or four standards . This is possible if the School is placed under a competent man. I have two such men in view, but their pay is Rs. 35 and 30 . Any one of them can be lent to Savanur School on pay of Rs. 40 but not less . I am unwilling to lend the State a third rate man on small pay . The matter may be duly considered .

I have the honour to be,

Sir,

Your most obedient Servant,

2) The services of Mr Oke may be retained

He has done good work in the past. His present condition of health is due to his efficiency.

He has put in nearly 27 years service & has still 3 years to retire before he can be entitled to pension equal to half pay. Under the Rules now in force he cannot obtain pension under the rules, equal to half his ~~pay~~ maximum pay viz R40.

He is in charge of Khottar Vernacular Schools & does a deal of useful work.

As a special case, he may be given an extraordinary promotion equal to R40 p.m. (Vide his letter enclosed), the maximum pay of the Post

3) He can retire under which the 3rd Class Clerk, 1st Assistant (Mr Swamy) is willing to continue in State Service as Clerk

(a) Lashkar pension pay at the rate

of Rs 25 · Low. The 1st of April 1909
(b) Teacher beginning Rs 26 p.m. in the present.
(c) Teacher beginning promotion equal to that which teachers of his standing may get in the Local Boards either in the ordinary course according to the Code or as a special case for work or otherwise

As regards (a) the revised scale sanctioned by the Commissioner D was brought into force from the 1st of April 1910 & therefore retrospective effect cannot be given in the case of this teacher. The Commissioner D may have to be asked to sanction this as a special case

As regards (b) it may be noted that teachers of his standing get Rs 25 p.m. in Local Boards

As regards (c) it seems impossible to satisfy this condition. He shall have

to be given promotion, although his work is not satisfactory, as soon as a vacancy of his status is given promotion by the Local Board for specially satisfactory work. He should may be installed in the books in the future the committee bind to keep the condition

This teacher asks that he may be allowed to revert to his post in the Rural Board, if it be impossible to retain him subject to these conditions (Vide his letter enclosed)

If can be is allowed to revert, there are equally competent men in the School holding 2nd year certificates & more senior to who will up his work, by giving private promotions

Sir,

With reference to your No. 16892 of 22nd March last, I have the honour to return herewith, this office No. 1810 of 9th December last, together with the Inspection Report on the State schools and to report as under:-

1. There are 5 unpassed assistants in the Kanarese school. This number is too large. The State authorities may, kindly be requested to replace them by passed men.

2. The Girls school, as suggested by the Inspecting Officer, does stand in need of a trained mistress.

3. As regards the changes in the Urdu school I humbly beg to refer you to your Office No. 10839 of 8th October last to my address.

4. There being already one Drawing Teacher, no other hand is necessary for the present.

5. The State authorities may kindly be asked to supply the State schools with the necessary printed maps.

6. As regards the scale of pay and changes in the staff of the state schools the Diwan of Savanur was under instructions conveyed in your No. referred to in para 3 above, was requested in this office No. 1283 of 12th October last to make such changes as he deemed fit.

I have the honour to be,

Sir,

Your most obedient servant,

Deputy Educational Inspector,

No 4765 of 5th July 1911 from the Dist Inspr Gedd
forg inspection reports of the Primary Schools

No 372 of 1911

10/7/11

Forwarded to the Dewan of Sar for
perusal & report in paras 2-3 of

(2) In view of his Okas services he thinks
that as a Spl case he might be given extraordinary
promotion of 2 or 3 Grades so as to enable him
to draw full pension when he retires. His work
appears to have been Quite satisfactory.

(3) It is most desirable that the services
of the 2nd year trained man (2nd asst. H.M.) be
retained. This apparently can be done by giving
him extraordinary promotion of two Grades so
as to bring his pay up to Rs 26.

(4) As regards the Hindu school we agree
in principle with the Dist Inspr but it is a
question of funds.

Dist Inspector
A. Lakeri

No 546 of 1911.

4th August 1911.

– Rehd with enclds.

2) The services of Mr Akerman may be retained. He has done good work in the past & the present condition of the school is due to his efficiency.

He has put in nearly 2½ years service & has still 3 years & 4 mt in before he can be entitled to pension equal to half pay. Unless he draws Rs 40 plus from now, he cannot obtain pension, under the rules, equal to half his maximum pay viz Rs 40 ~~plus~~.

He is in charge of the other village schools & does a deal of correspondence.

As a special case, he may be given an extraordinary promotion equal to Rs 40 plus (Vide his letter enclosed), the maximum pay of the post.

3) The conditions under which the 2nd year trained 1st assts (Mr Akerman) is willing to continue in State service are that

(a) He should be given pay at the rate of Rs 25 from the 1st of April 1908.

(b) He should be given Rs 26 plus for the

present [illegible]

(C) he [illegible] given promotion equal to that to which teachers of his standing may get in the local Boards either in the ordinary course acct of the code or as a Spl case, for good work or otherwise.

As regards (a) the revised scale sanctioned by the Commissioner was brought into force from the 1st of April 1911 & therefore retrospective effect cannot be given in the case of this teacher. The Commissioner may have to be asked to sanction this pay as a Spl case.

As regards (b) it may be noted that teachers of his standing get only Rs 25 p.m. in the Local Boards.

As regards (c) it seems impossible to satisfy this condition. He shall have to be given promotion, although his work is not satisfactory as soon as a man of his status is given promotion in the Local Boards for specially satisfactory work. The Nawab may be installed on the Gadi in the near future & he cannot be bound to fulfil this condition.

This teacher asks that he may be allowed to revert to his post in the Local Boards if it be impossible to retain him subject to these conditions (Vide his letter enclosed).

In case he is allowed to revert, there are equally competent men in the school holding 2nd year certificates & more senior, to fill up his post, by giving grade promotions.

4) As regards the Urdu school the present arrangement may be tried. Action will be taken on the ~~matter~~ Inspection reports when these papers are rec'd.

General remarks and recommendations by the Inspecting Officer:— The number on rolls this year is 33+15=48 as against 59+11=70 of the last year. The decrease is attributed to the abolition of higher standards viz. Stds III and IV from the school this year by the State and partly to plague owing to which the schools were closed from the 1st of October to the end of November 1911. Notwithstanding the plague, the state of the school will be found to progress good. The Head master is a painstaking man and has done his duty conscientiously and well. The attendance of Stds III & IV in particular weak. Drill, Drawing and object lessons are fair throughout. The percentage to population is also remarkably good viz 15·7; but this is partly due to the fact that some boys from the neighbouring village Kuntrodi attend this School.

The class at Hubdapur was opened on 18-6-1911 owing to plague it was closed from 10-10-11 to 4-12-1911. The master seems to be a hard-working teacher and has done his duty well.

Sir,

I respectfully beg to request that you will be so good as to grant me one month's privilege leave on half pay from the 17th instant. The sudden death of my wife yesterday has broken my house and depressed my spirit so much so that I shall at least require that much time for burying my sorrows in the past and for recovery. The present staff of my assistants will manage all the classes in my absence without feeling much difficulty.

2/. Privilege leave asked for by Mr. Kulkarni is due.

3/. When due, such leave is granted on half pay in ordinary years when the school gets the summer vacation and on full pay when such vacation is, for any reason, not allowed in any year. This practice is, of course, based on the Provision made in the Civil Service Regulation. Mr. Kulkarni is, consequently, entitled to full pay as the school did not enjoy the Summer vacation this year.

4/. W. S. does not know for certain what practice prevails in British schools. A reference is made to the Government High school, Dharwar; and the reply, when received will be submitted to

the Dewan.

5/. W. S. guilé agrees with the Divan in the opinion expressed by him in para 3 of his memo; and proposes that Mr Sawakar S. R. be appointed on Rs 15 p. m as an additional assistant in this school for the required period.

6/. A reference is made on this point to the Head Master, Kanarese school, who is requested to forward his opinion to the Divan along with this correspondence.

7/. It will be plain from the above that the following points require ~~deserve~~ consideration and sanction.

(a) Full pay to Mr Kulkarni.

(b) Acting allowance of 20 % to Mr Deodhar.

(c) The appointment of Mr Savakar S. R. on Rs 15 p. m.

Sir,

With reference to your office No 365 of 1912 I have the honour to recommend that Mr. Deoshar's suggestions should be carried out.

2/. In the Terminal Examination of 1906 Mr. Ghatigar V. H had scored a total of 275 marks while Mr. Kulkarni H. B. had scored only a total of 266½.

3/. In the same examination Mr. Sawakar S. R passed with grace marks and his total was not also satisfactory. These two considerations might have led me to conclude

that he should not be recommended for the receipt of a scholarship.

4/. As Godhi S. B. has scored 100 marks more — no small difference — than yelvigi S. V., I think that the decision of the Educational Inspector in the case of Mr Raghuramacharya Raichur might well be followed.

5/. The Mahomedan scholarships are not attached to any particular standards but are awarded to the best deserving boys, it being, however, the general practice that when two boys of two different standards show merits so as to allow of no sensible differentiation in an examination, preference is given to the boy

of the higher standard when making recommendations for the award of a scholarship.

Respected Sir,

I the undersigned most humbly and respectfully beg to lay before Your Honour the following few lines for Your Honour's Kind consideration.

The Head masler of A.V. School Savanoor has continued the persian Scholar Ship to the 4th and 5th Standard for the last 6 or 7 years.

Now I am a Student of 4th Standard and also I have passed the Terminal examinalia of 1912. Thereby I have a right to receive that Scholar Ship. But the acting Head masler wishes to transfer that Scholar Ship to the 1st Standard. Therefore I humbly request that Your Honour will be Kind enough as to give me that Scholarship as I am a passed Student. For this Act of Kindness I shall ever pray for Your long life and prosperity.

2/. The scholarship in question is not a Persian scholarship attached to a particular standard, as is stated in the application. It is open to all Mahomedan boys of this school and is awarded to the best deserving boy without ~~the~~ any distinction of Standards. It was, for instance, awarded in 1st I

and II in 1905 and 1906 respectively, and in Std. III in 1907, 1908 and 1909. The applicant's title to the scholarship is, therefore, groundless.

To,

The Dewan of Savanur

Respected Sir,

I, the undersigned, most humbly and respectfully beg to lay before your Honour the following few lines for your Honour's kind consideration.

Sangappa Godhi, a student of the ~~4th~~ 5th. Std. A. V. School Savanur, who was a scholar for the first term of this year, has failed in the terminal examination of this year in Arithmetic. And as I have passed in all heads the scholarship, should, as a right, be given to me for no successful student has obtained more marks than I. But the present acting Head master has awarded the Scholarship to Godhi by making him pass by grace marks.

In the terminal examination of the 4th Std in 1906 Mr. Kulkerni H.M.

obtained more marks although failed in one subject, than Mr Ghatikar V. H. who had passed in all heads. That time the Head master of this School gave the scholarship to Mr Ghatikar & not to Mr Kulkerni, who had passed by obtaining grace marks.

The same year Mr Savarkar S. R. and others two boys of the ~~7th~~ 5th std. got only 7 marks in Arith; and they passed by getting grace marks. Then the scholarship, instead being given to the boys of the 5th std. was transferred to the 2nd std for no body had passed by getting one marks.

Now, therefore, I beg of your Honour to consider on these points and give the scholarship to the just man.

Savarner.

2/ The applicant is wrong in supposing that the boy, who passes with grace marks, is as good as placked. If this view were held to be correct, the established practice of granting grace marks in deserving cases would have no purpose to serve.

3/ The applicant, however, could more reasonably contend that the necessity of the grant of grace marks for a boy to pass, somewhat detracts his merits. But here it is important to determine the extent of such detraction. Between boys of nearly equal merits, he, who passes with grace marks, is certainly inferior to the other who passes without them.

But in a case in which one boy scores 2nd class marks but requires a few grace marks to pass in a sub-head, while the other passes in the third (pass) class without the necessity of the grant of such marks, the latter cannot consistently with reason and justice, be held even to equal the former, much less excel him.

4/ The case in question is very similar to the second example. Godhi C.B. who required the grant of 3 marks to pass in a sub-head, has surpassed Yelirgi, S.V. in 6 out of 7 heads and has beaten him by a full 100 marks in a total of 550.

5/ Under these circumstances, the undersigned cannot bring himself to believe that the mere technicality of the grant of grace marks depreciates Godhi's worth to such an extent as to bring him down

to the level of yelvigi or even lower as yelvigi apparently contends.

6. There are at least two cases akin to Godhi's on the school record. The one is that of Gavaker S.K, quoted by the applicant. The other is that of Raghuramacharya Raichur. The decisions in the two cases are, however, conflicting. In the first the Ad master, the Kulkarni has deprived Gavakar of his scholarship. There is nothing on the school-record, however, to show the particular reasons that must have swayed the Kulkarni to arrive at that decision. In the latter case the Educational Inspector to whom the case was submitted and who is evidently a high authority in such matters, has awarded the Scholarship to Raichur R. G, remarking that he did so in accordance with

the practice generally followed in awarding Middle-School, High-School and Special Scholarships in his jurisdiction.

7/11 The undersigned has followed the decision of the Educational Inspector for reasons stated above in para 3.

Respected Sir,

I have the honour to report you the following that — Mr Bhalilal V. Vyas Hajur assistant to the Sobol of Sachin State visited our school with Mr V. R. Mangalwedhekar and L. B. Ghatikar, the Shirestedar on 12-9-12. On that day they have made some remarks regarding our school. The copy of it is applied to this report.

Mr Bhalilal had given to our school Rs-1 6as- 6 pies in my hands. Out of them 6as- 6 pies are spent according to his opinion in distributing sweet-meats among the boys who gave him and his accompaniers a hearty welcome by means of their singing at his arrival to our school. The remaining one rupee has been kept with me as he showed his desire to spend it in giving a prize to a poor

and an intelligent boy at the time of the Crowning of his highness the Kabaka.

I remain Sir
